

Meet

Dip

Welcome to **Dame,**

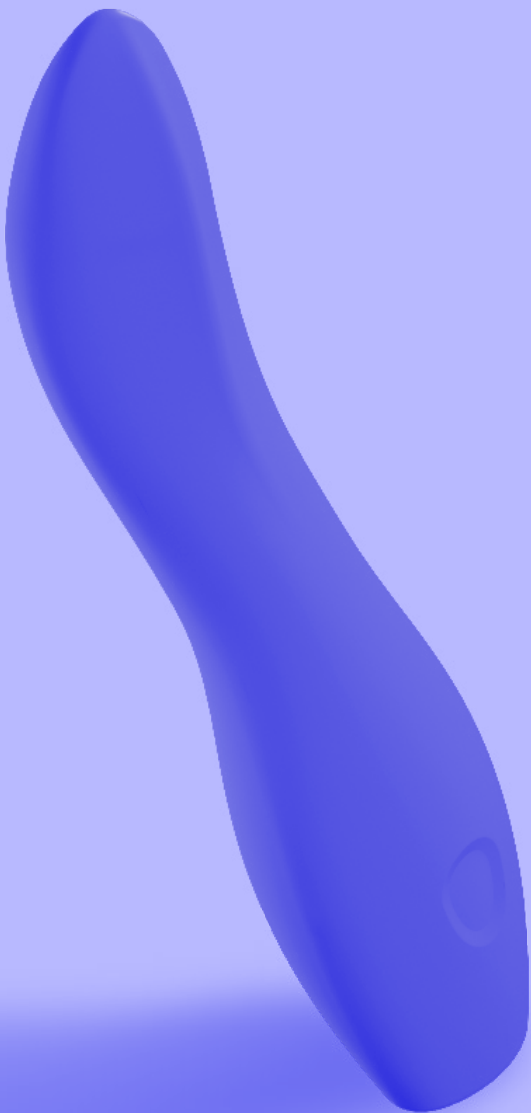

We create products for pleasure, helping you connect with yourself, improve sexual wellness, and support overall wellbeing. →

Meet Dip

Classic Vibrator

Dip is designed for shallow penetration and clitoral play. It's easy to use and perfect for exploring pleasure, whether it's your first vibrator or a new addition.

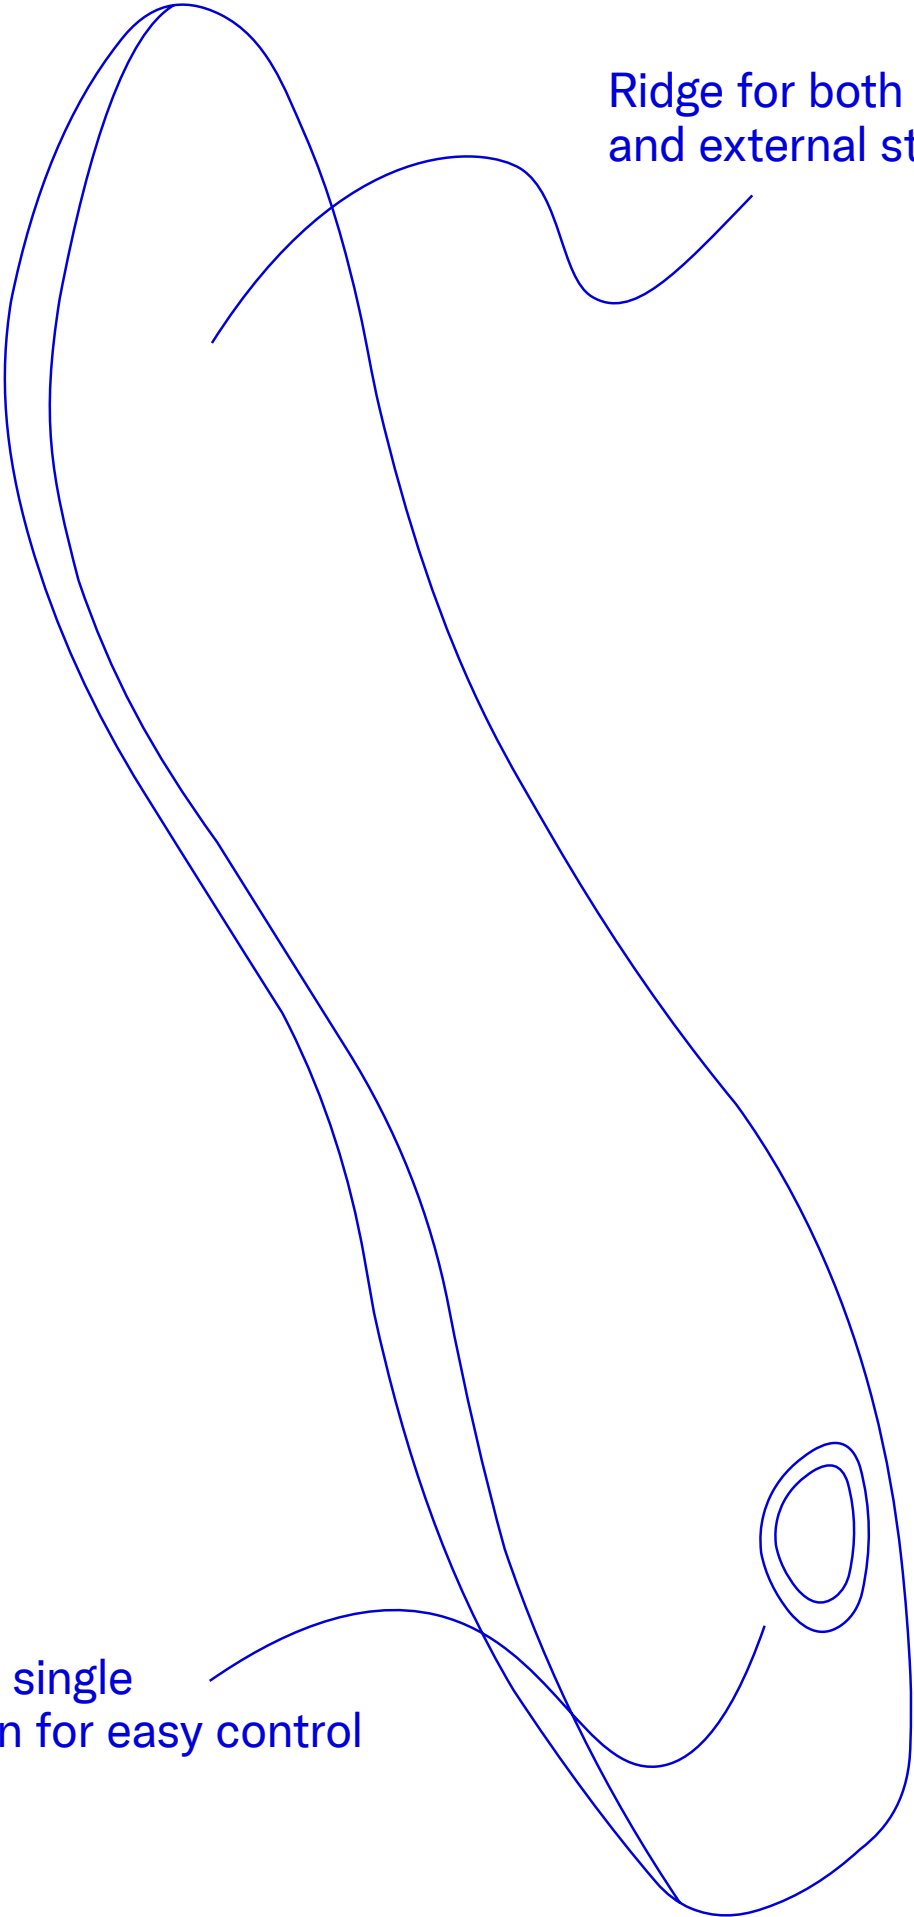

Get to know Dip:

- Made with medical-grade silicone
- Steady vibration with 5 intensity levels
- USB-C rechargeable
- Waterproof
- Quiet
- 3-year warranty

Ridge for both internal
and external stimulation

and a single
button for easy control

← Using Dip

Charge Dip fully before using.

Use the single button for power and intensity.

Press to turn on.

Press to increase intensity.

Press the button six times to turn off or **hold for three seconds** at any setting to turn off.

Charging Dip

Battery life: 1 hour

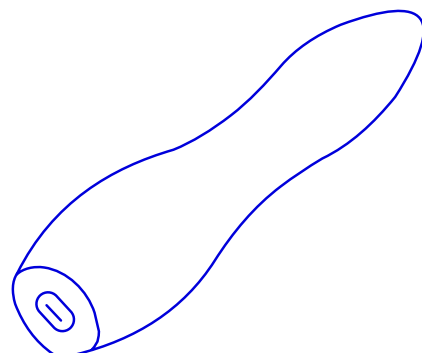

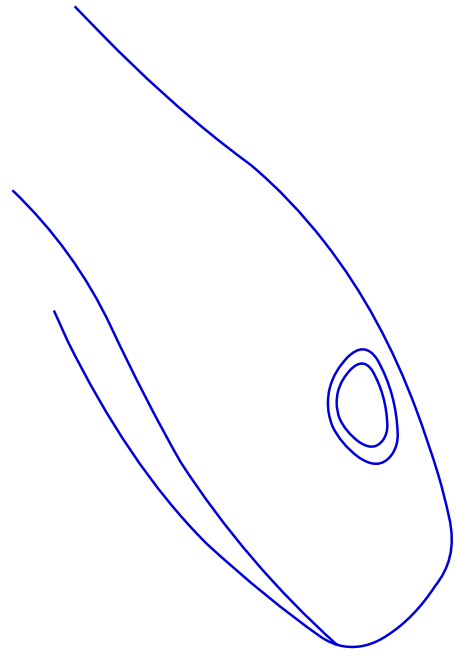

Charging time: 2 hours

The LED indicator near the charging port shows the battery status:

- Blinks yellow when low.
- Blinks green while charging.
- Solid green when fully charged.

Charging

Fully Charged

Travel Mode

To prevent Dip from turning on accidentally, activate Travel Mode:

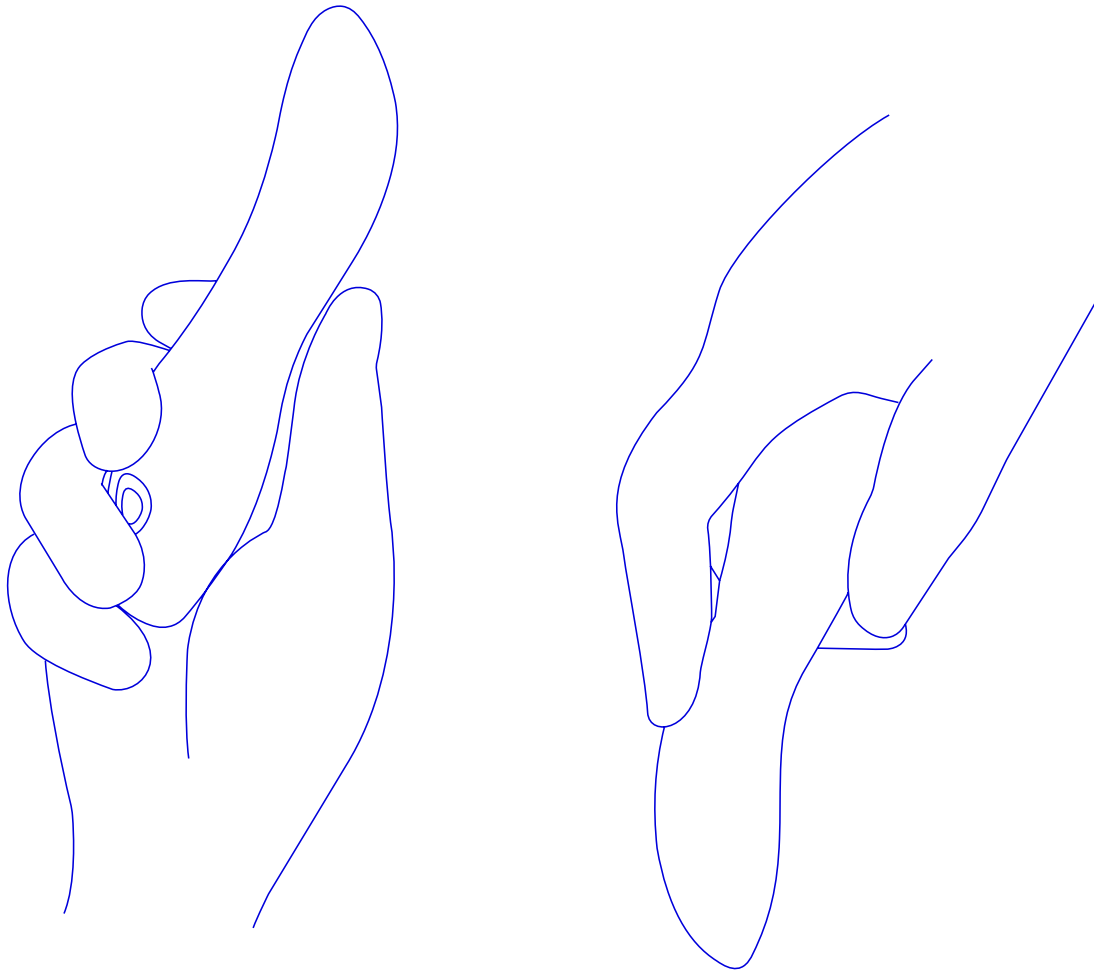

- Hold the button for 10 seconds; the LED will blink during this time and flash red at the end.
 - To exit Travel Mode, plug Dip into charge.
-

Caring for Dip

Dip is waterproof. Clean after each use with soap and water or a toy cleaner. If using an alcohol-based cleaner, let it dry completely before use. Store Dip separately from other toys, away from extreme temperatures.

Caution

Do not use silicone-based lubricants with Dip. Avoid cleaning with untested products containing alcohol, petroleum, or acetone. Do not boil, bake, or clean Dip in a dishwasher. Dip is not designed for anal use; do not insert anally. Stop using Dip if it malfunctions, such as overheating or showing damage.

Explore using Dip's ridge for clitoral stimulation, or use the broader side for a different sensation. Try inserting Dip vaginally for a deeper internal feeling.
